Introduction to medicine

A career in business studies

Medical School Applicant E-Mentoring Programme

Visit <https://forms.gle/S5srbggXkaTLhDDi6> to sign up for free E-Mentoring!

WAMSoc is a student led initiative which aims to equalise the platform for potential medical students. We strongly believe in inspiring and empowering students, especially those from widening participation backgrounds. We lead a variety of schemes and projects, free of charge, to help students dream bigger and achieve more.

Our eMentoring programme is the basis to our Widening Access to Medicine Society.

Here at WAMSoc we aim to increase the support given to those students who may feel they are at a disadvantage due to their background.

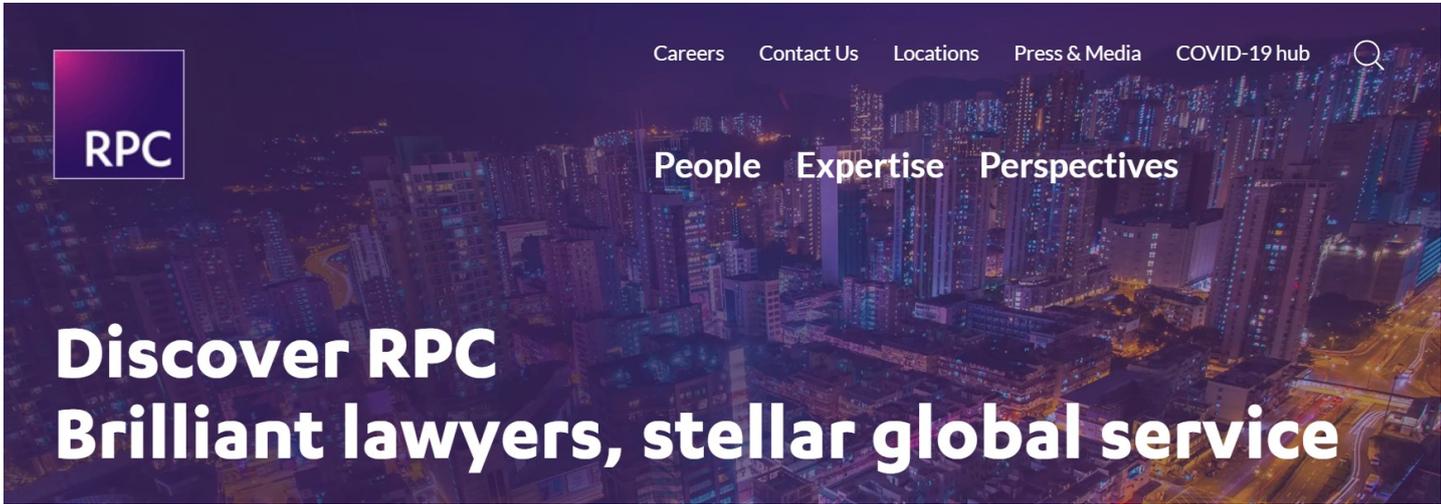

We provide a trained mentor to each successful applicant, who will give you one to one support over emails. They will answer any questions that you may have regarding work experience, your application and what studying medicine is like. Each mentor and mentee will be paired based on similarities e.g. Medical schools applied to and interests. We currently have over 100 mentors and mentees already paired, and this continues to grow!

If you are interested in applying to our eMentoring programme and having a WAMSoc Mentor, please fill in the google form using the following link:

Webinar/ Open Day Apprenticeships and Careers In Law

RPC is a commercial law firm based in Bristol, to host a virtual webinar/open day for Year 13's who have an interest in apprenticeships and working in law. It's taking place on 19th November 2020 at 4pm.

19th November 2020 at 4pm

It's an opportunity to find out more about RPC's paralegal apprenticeship scheme in Bristol, that helps build the foundations of a successful career as a solicitor, with the training and support needed to excel.

For further information and reserve a place: <https://www.allaboutschoollleavers.co.uk/jobs/job/2162385/rpc-year-13-virtual-open-day-19th-november-2020>

Coming up:

Business, law, and finance – 30 September

Biological and physical sciences – 16 October

Social sciences, humanities, and teaching – 23 - 24 October

Maths, engineering, and computing – 2 - 3 November

Creative subjects – 13 - 14 November

Each student needs to book their place themselves to receive reminders and joining instructions by email.

On the day, they can:

Explore and meet – speak to subject experts and admissions staff.

Listen and attend – join information packed helpful webcasts covering essential topics.

Connect and chat – talk with other students, universities, colleges, apprenticeship providers, careers organisations, and UCAS experts.

[Find out more about what your students can expect at a virtual exhibition, and how they can prepare >](#)

If you have any questions, please get in touch at events@ucas.ac.uk.

Personal Statements @ 16:00-17:00 on 15/10/20

15 October 2020

University of Bradford

We'll discuss what you should include in your personal statement - giving you key tips to ensure you cover all your relevant work, voluntary and personal experience. We'll also offer guidance on how to structure your personal statement, the UCAS application process, and recommend resources to support your research.
